

## SPECIFICATIONS

Product Description: **KNEE PAD**  
 Part Number: **6984**  
 Style: **ROBOKNEE**

### GENERAL DESCRIPTION:

This specialty knee pad is the ultimate choice for easy flexing and maximum comfort. It features an HDPE plastic alloy material, rigid shell knee pad, and adjustable elastic straps that can be used for welding, maintenance, mining, aerospace, metalworking, tile, and masonry applications. Meets ANSI Z87.1+ standard.

### SHELL:

- Two-piece construction for greater protection
- Constructed from High-Density Polyethylene (HDPE)
- Fully protects knee from above and below beyond standard style knee pads
- Good strength and impact resistance, corrosion resistance
- Color: Blue

### STRAPS:

- Dual elastic straps for greater comfort
- Replaceable
- One size fits all
- Color: Black

### KNEELING PAD:

- Elastomer no-mar friction pad (color: white)
- Durable
- Comfortable
- Minimal slipping
- Great wear, weather and water resistance
- Replaceable
- Color: white

### INNER PAD:

- Molded natural foam rubber
- High tear strength and wear resistance
- Water and abrasion resistance

### DIMENSIONS:

Width	Depth	Strap Length	Strap Width	Weight (pair)
5 3/4" (14.6 cm)	5" (12.7 cm)	Non-stretched 12" (30.5 cm) Stretched 22" (55.9 cm)	1" (2.54 cm)	1 lbs. (0.45 Kg)
