

SPECIFICATIONS

Product Description: **HOOD, SUPPLIED AIR**
 Part Number: **9911-20S**
 Style: **SINGLE BIB, FULLY DISPOSIBLE SARAN**

GENERAL DESCRIPTION:

Our NIOSH-approved Fully Disposable Saran Hood is so unique, it is patented. Saran laminated Tyvek® offers zero permeability to air and moisture, which is ideal for chemical handling and hazardous waste management. It's designed and constructed in one-piece, with the down tube and head suspension completely integrated. This eliminates the need for decontaminating of the down tube or replacement parts. The entire assembly is disposed of after use.

HOOD:

- Saran laminated DuPont Tyvek
- Splash resistant hood and bib
- Seams are heat taped
- Generous size is ideal for workers with beards or goggles

SUSPENSION:

- Disposable one-piece assembly
- Absorbent foam headband
- Adjustable hook and loop closure head harness secures hood in place

DOWNTUBE:

- Multi-layer foam sound dampening system to prevent crushing or twisting during use
- Meets stringent NIOSH requirements for sound levels inside a hood
- Located behind the hood allowing it to be out of the way

LENS:

- Clear co-polyester (PETG), 15 mil
- 6" (15.2 cm) x 12" (30.4 cm) distortion-free with a panoramic view

LENS PEEL OFFS: (PN: 9910-25) (*optional*)

- Polyester, clear film with adhesive backing, 5¼" (13.3 cm) x 11¼" (28.57 cm) (0.007" (0.017) thick)

Hose			Hood Used with
